Fairbank's Seeds GMO Statement & Seed Treatment

Fairbank's Selected Seed Co. Pty. Ltd., sources seed locally, and from overseas, to sell to our customers.

GMO material is currently prohibited in Australia without full labelling. So it is with confidence that we state any seed we sell, whether hybrid or open-pollinated, is derived from non-manipulated sources, and any produce grown from these seeds meet all criteria of non-GMO material.

Fairbank's where possible will source and supply UNTREATED seed if available. If seeds have been treated with a chemical coating it is stipulated on labelling.

A handwritten signature in black ink that reads "Paul Shepherd." The signature is written in a cursive, flowing style.
